

20.02.2009

Dear Parent/s

When you visit the Chess rules Australia (CRA) website [www.chessrulesaustralia.com](http://www.chessrulesaustralia.com) you will see that we have a 'gallery' of pictures of CRA kids playing chess and having fun.

These pictures are much enjoyed by the kids who participate and also help to encourage new kids to join CRA chess club. With your permission (see form below) we would like to take pictures including your child to place in our website gallery.

As you can see the images sometimes refer to the children's first name only, never the school, or state, address of the school for obvious reasons. We fully respect your decision not to allow pictures to be taken and will adhere to your request by leaving them out of any group or individual pictures.

Please fill in the form below and sign, then scan and send, post or fax it to us ASAP.

Many Thanks

Antonette Ziffer  
Chess Rules Australia
